

Honeymoon in Crete

<< View more honeymoon news

Abaton Island Resort & Spa is a new 5* property in Crete, Greece that boasts a beautiful spa and top-class dining options.

The boutique resort's 152 uniquely designed rooms (71 with pools) are spread over 360m of dazzling coastline and feature ultra-luxurious interior design.

Abaton's exceptional hospitality has made it a sought-after retreat for newlyweds. Indeed, when not soaking up the sun, couples have raved about the Turkish hammam, fitness space, poolside waterfall, sunbeds, and tennis courts, as well as the boutique shop, jeweller and tailor. Those stepping it up a notch have travelled in style with Abaton's helicopter and yacht service.

In 2019, there's more to be excited about: weddings at the hotel, alfresco movie nights on the beach, two new marinas and a private karaoke room.

Direct flights run from the UK to Heraklion International Airport. The resort is only a 20-minute drive away once you arrive.
